

2019 Annual Meeting of Taiwan Shoulder and Elbow Society

Complex Shoulder & Elbow Problems

Date : 2019. 05.25 (Saturday)

Location : Chang Gung Memorial Hospital Linkou Branch
(Rehabilitation Building 1F)
林口長庚醫院 復健大樓一樓 第一會議廳

Organizer: Taiwan Shoulder and Elbow Society

Co-organizer : Department of Orthopaedic Surgery Division of Sports Medicine
Chang Gung Memorial Hospital Linkou Branch

08:20 – 08:30	貴賓致詞 程文俊院長 長庚決策委員會 主任委員
	貴賓致詞 詹益聖部長 林口長庚紀念醫院骨科部
	Opening Remarks 徐郭堯理事長

Session I: Shoulder pain not from shoulder

Moderator: 牛自健 蔡文鐘

Speaker

08:30-08:45	Brachialgia differential diagnosis and treatment	黃鈺涵
08:45-09:00	Shoulder pain from cervical spine	張明超
09:00-09:15	Thoracic outlet syndrome and shoulder pain	莊垂慶
09:15-09:25	Quadrilateral space syndrome and shoulder pain	吳威廷
09:25-09:40	Panel Discussion	
09:40-09:55	<i>Coffee Break</i>	

Session II: Elbow

Moderator: 陳昭宇 蔣恩榮

Speaker

09:55-10:10	Posterior approach for treatment of the unstable elbow dislocation	周應照
10:10-10:25	Radial head fracture -could be a forecast of disaster	釋高上
10:25-10:40	Risk factors for aseptic loosening after total elbow Arthroplasty for traumatic conditions	程俊穎
10:40-10:55	Important kinematic variables in the stride phase for reducing maximum loading acting on the medial portion of the elbow during fastball pitching	H Tanaka
10:55-11:10	Panel Discussion	

Session III: Throwing Injury

Moderator: 潘如瑜 張宗訓

Speaker

11:10-11:25	Rotator interval lesion in throwing athletes	H Inui
11:25-11:40	SLAP lesion	T Mihata
11:40-11:50	Radiologic Pitfall and pearl of SLAP lesion	林宇旌
11:50-12:05	SLAP lesion and military training	沈培弘
12:05-12:20	Rehabilitation for SLAP lesion	李恆儒
12:20-12:35	Conservative treatment of throwing injury at Nobuhara Hospital	H Inui
12:35-12:50	Panel Discussion	
12:50-13:30	台灣肩肘關節醫學會理監事會 (12:50-13:20) <i>Group photos and Lunch</i> <i>Lunch Seminar:</i> Reverse Shoulder Arthroplasty: Modern Implant Design and Global Trends. Mayank Tripathi Sport Med & Extremity Marketing Manager, APAC	

Session IV: Massive Rotator Cuff Tear

Moderator: 郭繼陽 盧永昌

Speaker

13:30-13:50	Arthroscopic Superior Capsule Reconstruction Can Eliminate Pseudoparalysis in Patients With Irreparable Rotator Cuff Tears	T Mihata
13:50-14:10	Reverse Total shoulder arthroplasty for Massive rotator cuff tear with Pseudoparalysis	JC Yoo
14:10-14:25	How to Prepare fascia lata graft for SCR	A Hasegawa
14:25-14:40	Determine the critical factors before rotator cuff repair for improving patients' satisfaction after surgery using data mining technique	T Muto
14:40-14:55	Panel Discussion	
14:55-15:20	<i>Coffee Break</i>	

Session V: Subscapularis and Pulley Lesion

Moderator: 馬筱笠 蘇維仁

Speaker

15:20-15:35	Radiologic Pitfall and pearl of pulley lesion, Biceps tendon and Subscapularis tear	吳振德
15:35-15:50	Long head of biceps tendon instability with or without pulley tear	陳昭宇
15:50-16:05	Diagnosis of subscapularis tendon tears involving the upper third and its relationship with Biceps lesion or instability	JC Yoo
16:05-16:20	Superior Capsule Reconstruction for Reinforcement of Arthroscopic Rotator Cuff Repair Improves Cuff Integrity	T Mihata
16:20-16:35	Can incomplete Repair of massive irreparable Rotator Cuff Tears be possible Using the "Hybrid Technique"	JC Yoo
16:35-16:50	Panel Discussion	
16:50	Closing Remarks 徐郭堯理事長
